

# “What a Difference a Beak Makes” data collection sheet

Name \_\_\_\_\_

Record your observations of the experiment with birds' beaks and food here. For each round of the experiment, circle the tool (“beak”) you used, the “food” you got, and how much of that food you got with that tool. Add notes about your experience with this tool or food.

<b>Round 1</b>	<b>Tool</b> (circle one)	<b>Food</b> (circle one)	<b>Amount of Food</b> (circle one)	<b>Notes</b>
	Tweezer Clothespin Straw	Rice Nuts Liquid	Little or none Some A lot/most	
<b>Round 2</b>	<b>Tool</b> (circle one)	<b>Food</b> (circle one)	<b>Amount of Food</b> (circle one)	<b>Notes</b>
	Tweezer Clothespin Straw	Rice Nuts Liquid	Little or none Some A lot/most	
<b>Round 3</b>	<b>Tool</b> (circle one)	<b>Food</b> (circle one)	<b>Amount of Food</b> (circle one)	<b>Notes</b>
	Tweezer Clothespin Straw	Rice Nuts Liquid	Little or none Some A lot/most	

Write a summary of what you observed and learned with this experiment.
